CS 191 Software Engineering I
of the
1st Semester, AY 2016-2017

Revision Control

History Revision:

Revision Date	*Person Responsible*	*Version Number*	*Modification*
11/29/17	Araya, Carl	1.0	Initial Document
11/29/17	Araya, Carl	1.1	Final Changes

Control Class: AddStudentController

Program Specification (Method): `Add Student`

Input:

```
Student Details:
        string lastName
        string firstName
        string mi
        int studentNumber
        int year
        string course
        string contact
        string email
```

Output:

```
None
```

Program Logic:

```
CREATE student object

WHILE student details incomplete or invalid

        INPUT lastName from user

        INPUT firstName from user

        INPUT mi from user

        INPUT studentNumber from user

        INPUT year from user

        INPUT course from user

        INPUT contact from user

        INPUT email from user

ASSIGN unique id to student

SAVE student

UPDATE user view
```
