Revision Control

History Revision:

Revision Date	Person Responsible	Version Number	Modification
10/11/17	Carl Araya	1.0	Initial Document
10/11/17	Carl Araya	1.1	Continuation of filling out the document

*Use-Case Name*:   6.0 View Student's Personal Information

Description: Use case 6.0 describes in detail the flow of events and the functionalities involved in viewing student's personal information.

Preconditions: The application form must have been provided already.

Flow of Events:

Scenario Name	Description
Scenario 1 (Basic Flow)	1. The org asks the moderator for the list of students that are interested in joining them along with their personal information. 2. The moderator gets the entries from the database. 3. The moderator sends this information to the org. 4. The org receives this information

Activity Diagram of the Flow of Events:

Postcondition: NONE

Relationships: Use case 5.0 has to be accomplished first before this.

Special Requirements:
  NONE
